Instructions for multi-page layout

We print our patterns in a larger size than the average cross stitch pattern. Therefore, there are usually multiple pages to stitch.

These pages are fairly simple to lay out. Each page has numbers in each corner to show you where each corresponding page goes. The first page of the pattern goes in the upper left corner. The second page goes next to it. At some point, at the end of the design, the pages will drop down to the next row starting at the far left. Here is a visual example:

Example only. Page layout may vary.

Gray area is overlap - Do Not Stitch!

There are centering marks on the top and the left side of the pattern. The patterns from this site are small enough you can trim the pages and tape them together as needed or you can simply stitch from a page and then move onto the next. The areas in gray shows you where the pages overlap, do not stitch these areas!

If using 14 count fabric, we suggest using three strands of thread for better coverage.

If you have any questions or problems, please feel free to send an e-mail to Karen@artofstitching.com.
