Multi-Page Pattern Instructions

Most cross stitch patterns suggest starting in the middle and working your way out. With multi-page patterns it is recommended that you start with page 1 in the upper left hand corner then work your way to the right, following the page order. When you reach the edge of the pattern, drop down to the next row starting at the left again. See diagram below for the page layout example.

You'll notice on the sides of some of the pages, there is a grayed out area. This is the overlap of the pattern. **DO NOT STITCH THESE AREAS.** They are to be used as a guide to make sure your counts are in order.

There are different ways to stitch multi-page patterns. You can stitch one page at a time or you can start with a page and when you get close to the edge add the next page to keep your project "seamless". Some people like to put their patterns together and have large sections. You can do this by taping the pages together, making sure to cover the grayed over lap area. However, the way this material is printed, by folding and unfolding the pages, you may find that the folded spots wear and the ink may rub off. So if you do it in this manner, please be careful!

Example only. Page layout may vary.

■ Gray area is overlap - Do Not Stitch!

Washing Instructions

If necessary, you may wash your finished piece. Use luke warm water and a mild detergent or dishwashing soap. Always wash by hand. Rinse well with clear water.

Roll the finished piece between two towels and pat gently. Don't allow the piece to touch upon itself. Unroll and lay flat to dry. Don't leave it folded. Iron your piece face down between two towels. Use the warm setting and use steam if necessary on creases.
